## **Syllabus**

**This training will give the Future SP Color Archetypes mentors extraordinary tools to start and work with individual clients and small groups using the SoulPages tools plus a new amazing system of Color Archetypes!!**

Each future mentor will form a small group of 3-6 friendly people max and will teach it either the flag ship workshop that you created or a few lessons of the SoulPages courses that you learned in the Facilitator course.

You could teach the class live /in-person or zoom.

The practicum could start as early as April for students of this year or as early as you like for students that finished the facilitator training.

The Practicum should be started not later than August 15<sup>th</sup> 2023.

One of SP teachers will meet with each of you personally to help navigating the practicum group.

In April we will start the **Module 5** classes where we will learn how work with the Color Archetypes theory with private clients and groups.

You will get very powerful tools such as the color Mantras, color maps & Color Talismans to help you bring healing and transformation to your clients life.

**Before April you will have to see the Bonus Color Archetype course that will be added to your profile.**

In **Module 6** we will gather again after each of you practiced in Real-life and gather some experience.

We will work with real case studies originated from the practicum experiences.

Each mentor will write a short diary after each session.(you will have a full two months to do the practicum)

It is not obligatory to do the practicum group (you could decide to give up the teaching experience) but it is important to participate in the practicum module and learn from your friends' experiences.

### **Cancellation Policy**

SoulPages Training is priced at a very reasonable price that aims to let everyone that wants to participate- the ability to do so.

The SoulPages Mentor Program is a full four month commitment which includes 11 Live sessions with a few different teachers. If, for any reason, you choose not to continue, you will still be liable for the full fees for the program. This is due to the nature of this training. A FULL commitment is needed up front. This is not a program you 'feel out' and then drop out of or come in and out of at will. That undermines your success, my ability to support you and affects the spirit of the group.

Because of the intimate nature of the work that we will be doing together over the nine months your full commitment is essential. Since this is not a 'join anytime' program, your space cannot be filled once we begin.

If you are not 100% sure about your passion to be doing this type of work we highly recommend that you participate in one of our other workshops or retreats before signing up for the SoulPages Mentor program so that you can get a better sense of the nature of this Soul healing process.
