What is the visual Journal?

The Visual Journal is a powerful tool that connects to a place of healing and transformation, that helps us self-educate about different materials and work with a variety of techniques of mixed media – all in the format of a journal.

The Binding of the Journal, the work inside it thereafter, the gentle guidance of a trustworthy instructor – allow us to go through processes of growth and healing, and even light up a spark of joy and passion.

I developed the “SoulPages” Method to let you reconnect with parts of you that dream and fulfill, parts of you that are joyous.

SoulPages Training is priced at a very reasonable price that aims to let everyone that wants to participate- the ability to do so.

The SoulPages Mentor Program is a full nine month commitment which includes 30 Live sessions with a few different teachers. If, for any reason, you choose not to continue, you will still be liable for the full fees for the program. This is due to the nature of this training. A FULL commitment is needed up front. This is not a program you 'feel out' and then drop out of or come in and out of at will. That undermines your success, my ability to support you and affects the spirit of the group.

Because of the intimate nature of the work that we will be doing together over the nine months your full commitment is essential. Since this is not a 'join anytime' program, your space cannot be filled once we begin.

If you are not 100% sure about your passion to be doing this type of work we highly recommend that you participate in one of our other workshops or retreats before signing up for the SoulPages Mentor program so that you can get a better sense of the nature of this Soul healing process.

Tuition & Payment
